

**Series VII. Other Conflicts or Peacetime series, 2003-2007, .1 cu. ft.**

**Series Abstract/Description:**

Materials in this series include interviews and items relating to individuals who served during peacetime or during periods of conflict other than those wars specified by the Library of Congress. As a general rule, items for this series were not directly solicited, but rather were added to the project in the course of gathering materials and interviews for other segments. Note that individuals who served during one of the major conflicts will be listed within that series, even if their service was not in an active theatre of hostilities (e.g. service during the Vietnam War, but stationed in Germany). Those persons serving during a war, as well as before or after it, will only be listed with that war (e.g. a person who enlisted in the 1980s and served through the Persian Gulf War, will be listed with Persian Gulf War).
