

# Visiting the Thompson Lane Library

When I visit the Thompson Lane Library, I can use my inside voice to talk quietly to my grown-ups or the librarian. Sometimes the library is very quiet. Sometimes it is loud. But I always try to use my inside voice.

I can ask the librarian for help to find a book or use a computer. Sometimes the library is crowded. When that happens, the computers might be full and I can make a reservation and wait for my turn.

I try to walk when I am in the library to stay safe. I can walk to the children's area. In the children's area, I can play at the LEGO table. Sometimes there are coloring pages and crayons. I can color a page or take a page home to color. There are also puppets I can play with. If someone is playing with my favorite puppet, I can wait my turn to play with it.

I can look at books or DVDs at the library. If I don't want to check them out, I can leave the books or DVDs on a table where the librarian will pick them up. If I want to check out anything, I can take them to the desk where the librarian will help me check out.

Sometimes, I can't find the book or DVD I am looking for. I can ask the librarian help me find it. Sometimes the book I want is already checked out. When that happens, the librarian can put it on hold for me so I can check it out later.

I try to take good care of the library books I take home and remember to bring them back when they are due, so someone else can check them out.
