3 Go to the park or playground.	4 Encourage pre-math skills by allowing your child to measure the flour or spices when you cook.	5 Build with blocks. This helps babies learn about spatial relationships and problem solving.	6 Narrate what you do during the day to help develop your child's vocabulary.	7 Find books to sing along with. It is a great way to combine reading and music!	8 Go outside and read a book with sunglasses on.	9 Large foam letters are a simple way to introduce your baby to the different angles and shapes of a letter.
