READ to RISE

library.nashville.org/readtorise

SUNDAY	MONDAY	TUESDAY	WEDNESDAY	THURSDAY	FRIDAY	SATURDAY
	 615-862-5750				1 Read a fairytale.	2 Write your child's name. Help them write it, too.
3 Stuff a small object into a tissue box and ask your little one where it is. This helps teach object permanence.	4 At a red light or stop sign, ask "How many blue cars do you see?" and count.	5 Talk about how some animals migrate south when it gets cold. Show your child where south is on a map.	6 Name as you go! Identify an item, say its name, and have your child repeat it.	7 Create a dance to your favorite song.	8 Read favorite nursery rhymes.	9 Do leaf rubbings. Find leaves, tape paper over them, and color.
10 Make a game of setting the table.	11 Cut an apple or any food in half to teach basic division.	12 What animals live underwater? Can you make a fishy face?	13 Ask "What was your favorite part?" after reading a book or watching a movie.	14 Sing "I'm a Little Teapot".	15 Read a Talking Book together.	16 Draw a picture of your family and write their names.
17 Have fun tossing balled up socks into a laundry basket!	18 Play with dominoes. It helps kids recognize amounts at a glance.	19 Cook or bake together. Talking about the physical changes. Is it a liquid that will be a solid?	20 What rhymes with the word "fall"?	21 Sing a lullaby at bedtime.	22 Enjoy a fall story. The library has lots of books with fall pictures.	23 Make a gratitude list with your child.
24 Place a common object or toy inside a box and have your little one reach in and guess what the object is by feel.	25 Chant "2, 4, 6, 8 – who do we appreciate? YOU!!" It introduces counting by 2s.	26 Do you know the colors of the rainbow? It's also called a Color Spectrum.	27 Play "I'm thinking of..." by describing an item and guessing what it is. Take turns with your child.	28 Sing "The Ants Go Marching".	29 Read a book by Nancy Tafuri.	30 Draw shapes and objects with chalk.
